

We had a total of 188 (including Worker's Ride Finishers) riders attempt the ride this year and 173 completed the ride. A 92% completion rate, which is slightly higher than last year's 90% completion rate. The day started out calm at 4am until 8-9am, when winds started pick up. Cyclists didn't face winds like last year, but it did make for an adventure this year too. Many were thankful for the tailwinds down Highway 16, but still felt the expected crosswinds once in the flatlands of YOLO county.

The first rider, Dorian King, came in at 3:22pm. She was followed by Michael Verroya at a close 3:25pm finish. The third rider to check in was Francisco Pedrero Salcedo at 4:04pm. I later remembered I've seen Dorian before and it dawned on me that she would always be the first person to the lunch stop on the Foxy Fall Century route.

The oldest known rider is Greg Olson at 79, amazing! Greg has done over 150 Double Centuries. His first double was in 2000.
